Ever-Green Energy Announces Promotions

St. Paul, Minnesota – Ever-Green Energy, a District Energy St. Paul affiliate, announces that Kenneth Smith and Michael Burns have been promoted.

Smith has been promoted to Senior Vice President and Chief Operating Officer, the same positions he holds with District Energy St. Paul and District Cooling St. Paul. Smith joined Ever-Green Energy in 2006. His global experience spans more than 24 years in engineering and project and business management with such firms as Black & Veatch and Stanley Consultants. Smith has a B.S. degree in Electrical Engineering from North Dakota State University, an M.B.A. from the University of St. Thomas's Opus College of Business and is a registered Professional Engineer in several states.

Burns has been promoted to Senior Vice President of Energy Services. Burns joined Ever-Green Energy in 1998 and has more than 20 years of engineering and managerial experience in all aspects of energy facility operations and project implementation, from large electric utility generating units to renewable energy and combined heat and power installations. Burns has a B.S. degree in Mechanical Engineering from the University of Notre Dame and an M.B.A. from Northwestern University's Kellogg Graduate School of Management.

About Ever-Green Energy

Ever-Green Energy specializes in consulting, operating, managing and developing integrated community energy systems that benefit customers, communities and the environment. The company is the service provider to District Energy St. Paul, the largest biomass-fueled hot water district heating system in North America.
